

## Wall-to-wall quality.

Build premier quality into modular structures with American Bolt & Screw fasteners and hardware. Our quality control department certifies all fasteners with dimensional testing, torsional testing, drill-speed testing, visual testing and more. Need technical assistance? Our QC manager visits you —wherever you are from coast to coast— to troubleshoot and consult with you. We'll also help design custom products to meet specific requirements.

Learn how to ensure quality from top to bottom, in every structure. Call 1-800-325-0844. Or visit: [www.absfasteners.com](http://www.absfasteners.com)
